Hundreds Flee California Brush Fire

RESULT OF BRUSH FIRE. Joe Goolsby stands in the remains of what yesterday was the livingroom of his home and looks toward the charred ruins of his kitchen in the Mountain Drive area of Santa Barbara, Calif. A wind-whipped brush fire destroyed an estimated 15 to 17 structures in the foothills of the city late Tuesday and Wednesday. (UPI Telephoto)

SANTA BARBARA, Calif. (AP) — A huge brush fire blazed out of control today in the mansion-studded suburbs of Santa Barbara, razing homes, college dormitories and a monastery.
Hundreds of persons evacuated just ahead of the flames. The fire, pushed by 50-mile winds, struck suddenly Wednesday night after heading first for open country beyond the city.
Witnesses said at least 37 homes or other buildings have been destroyed, though the U.S.

Forest Service could not confirm an estimated 500 persons have been evacuated from their homes.
Roads jammed with evacuees halted pumper trucks trying to reach blazing homes.
Some residents fled with only their clothes as the blaze plunged down mountain canyons and into the most fashionable areas of Santa Barbara.
It had burned 15 homes earlier. Then two homes went in a canyon, and five more blazed up on Ashley Road north of Eucalyptus Hill.

The flames surrounded and set afire the Mt. Calvary Monastery, an Episcopal retreat. Two dormitories burned at Westmont College. The fire swept into Montecito, and 20 more homes burned.
Flames leaped hundreds of feet, reflecting off a towering loom of smoke. People saw the fire in Los Angeles, 98 miles southeast, and from ships 30 miles at sea.
In Santa Barbara itself — a community of 60,000 nestled between the sea and the Santa

Ynez Mountains — it seemed like the hills were a mass of flame. The smoke-cloud glow lit a city in turmoil with milling evacuees and rushing fire engines.
The fire was the worst of five great blazes burning in California. Four others in the northern part of the state have burned 73,000 acres and 225 buildings, including farm structures.
A howling Santa Ana wind — the wind which blows to sea from California's desert interior — set the Santa Barbara blaze

racing for the city with dramatic suddenness at dusk Wednesday.
At 7 p.m., U.S. Forest Service men thought the fire was moving into the Santa Ynez Valley over the mountain ridge inland of the city. It was the second time the fire had moved away from Santa Barbara. Winds were mild, the temperature 74.
Then the Santa Ana — the "devil wind" of Western lore — hit. In eight minutes the mercury was at 90 degrees, the wind 50 m.p.h.

Redistricting Vote Due

Campaigns Across Farm Belt

Goldwater Claims Estes Case Taints White House

WICHITA, Kan. (AP) — Republican presidential nominee Barry Goldwater charged today the taint of the Billie Sol Estes scandal still marks President Johnson's administration.
Campaigning across the Farm Belt, Goldwater declared the Estes affair casts "grave reflections right across the White House itself."
The Arizona senator called the case "more than just a scandal, a sordid picture of favoritism and fraud."
"It is a study in the operations of the top officials of government — many of whom are still with us," he said.
Goldwater turned to the Estes case in a speech prepared for

delivery at Mason City, Iowa. He opened his campaign day in Wichita, and was due later at Madison, Wis., for a statehouse rally before moving on to Boston.
Taking aim on the Democrats' handling of farm problems, Goldwater declared: "When partisan political favoritism, or payoffs and bribery, become involved in any government program, the seeds of destruction have been planted."
"Incompetent or corrupt administration of a bad program can make it worse," he said.
"It is up to the President to expose wrongdoing in government," the senator added. "But the interim president, whose office dealt with Billie Sol, does not press for exposure."

"His power is used for different ends — and the White House has been turned into the white-wash house," he added.
Estes, the financial operator from Pecos, Tex., is free on bond pending appeal of state and federal convictions for fraud.
Goldwater fired a series of brief shots at Johnson on the Estes matter as he campaigned in Texas Tuesday and Wednesday.
He saved his point-by-point review of the case for the Farm Belt. Goldwater said Midwest-ers may not be interested in the cotton program Estes manipulated — "but the dishonesty must concern us all."

UAW Wants Guaranteed Work Week

40 Hours Sought As Talks With GM Enter 'Showdown'

DETROIT (AP) — A guaranteed 40-hour work week was a major demand of the United Auto Workers union as its new contract negotiations with General Motors Corp. entered the final, 24-hour showdown today.
Neither side forecast agreement before a union-imposed strike deadline of 10 a.m. Friday. Neither ruled it out.
Pessimism, however, outweighed optimism as the two sides met for down-to-the-wire negotiations.
UAW President Walter Reuther disclosed Wednesday night that the union is asking General Motors to guarantee 40 hours pay for anyone called upon to report for a workweek.
He pointed out that the UAW had won a guarantee of 75 per cent of the normal straight-time wage for anyone called in for a workweek at Chrysler Corp. or Ford Motor Co., where the union has won new three-year contracts.
At Chrysler, the UAW gained earlier retirement and improvements in pensions and other fringe benefits. The union estimated the package worth 54 cents an hour over the next three years.
At Ford it added on top of these a Christmas bonus, possible in 1965 and ranging from \$25 to \$100.
The Bureau of Labor Statistics figures that the average hourly straight-time pay for the auto industry as a whole is \$3.01.

Senate Set For Action On Proposal

Early Adjournment Of Congress Seen Riding On Outcome

WASHINGTON (AP) — The Senate votes today on a new compromise legislative reapportionment proposal with hopes for early adjournment of Congress riding on the outcome.
Senate Democratic Leader Mike Mansfield offered the mild, nonbinding "sense of the Congress" proposal as a substitute for a stronger one which he previously sponsored jointly with Republican Leader Everett M. Dirksen.
In a surprise and dramatic move aimed at ending the long stalemate over the pending \$3.3-billion foreign aid bill, Mansfield abandoned the Dirksen proposal and appealed to the Senate to support his substitute to help "bring down the curtain on the 88th Congress."
Dirksen disowned the compromise, but offered no objection when Mansfield won unanimous consent for a midafternoon roll call vote today.
Under the agreement an earlier test vote likely will come on a motion to table and thus kill the Mansfield amendment. Dirksen reserved the right to offer such a motion.
Off and on since Aug. 12, Democratic liberals have been conducting a filibuster against the Dirksen-Mansfield amendment designed to force the federal courts to delay Supreme Court-ordered reapportionment of both houses of state legislatures on a population basis.
It is pending as a proposed rider to the foreign aid bill, a vital part of President Johnson's legislative program.
The compromise would say it is the "sense of the Congress" that federal district courts, in carrying out Supreme Court orders, should:

1. Allow the legislatures the length of time provided for a regular session, plus 30 days, but not exceeding six months in all, to apportion representation in accordance with the Supreme Court ruling.
2. Permit the next election of members of state legislatures to be conducted in accordance with the state law in effect last Sunday.
3. Make the reapportionment themselves if the states fail to do so within the time granted for action.

Election Slated Oct. 13

Rowbottom, Leadem Win In Ware Union's Primary

Bernard Rowbottom of Redlands, Calif., and Joseph T. Leadem of Trenton, N. J., nominated in a field of 17 in a primary election, will oppose each other in a general election Tuesday, Oct. 13, for the vacant second vice presidency of the International Brotherhood of Operative Potters.
Results of a primary election held Sept. 15 were announced today by the union after the count was made Tuesday at international headquarters by a three-man canvassing committee.
Rowbottom, a caster, is a member of Local Union 214 in Redlands. Leadem, a sanitary sprayer, is a member of Local 49 in Trenton.
Returns from local unions throughout the United States and parts of Canada were tabulated by a committee comprised of Fred Tanner of Local 133 in New Castle, chairman; Wayne Rose of Local 24 at Wellsville and Ronald May of Local 241 in Cambridge.
The winner in the general election will fill the unexpired term of William Rail of Huntington Park, who resigned effective June 1.
Rowbottom, now 10th vice president, is acting as interim second vice president in charge of the IBOP's West Coast office.
Nominees were named for the post by local unions. About 45 in all were nominated, but only 17 accepted.
Rail had been an international officer of the union since Jan. 27, 1959, when he was named by the Executive Board to fill the unexpired term of

Adjournment Looms Near For Congress

WASHINGTON (AP) — For some of the country's top-ranking commuters, the end of a strenuous and expensive period may be in sight.
These commuters are members of both houses of Congress who have been trying to campaign for re-election at home and also maintain a proper attendance record on Capitol Hill.
Their hopes were high today that the Senate may be nearing a settlement of the reapportionment dispute that has stalled adjournment.
They can now expect to come back to Washington once more — for a burst of work that could wind up the session next week — and then go back to the home grounds for intensive speech-making and hand-shaking until Nov. 3.
Congress had hoped to adjourn before the Republican National Convention in July, or at least before the Democratic convention in August. Instead, it found itself still meeting, still with an unfinished backlog of work, late in September — long after the traditional opening period for the campaigns that involve all seats in the House, one-third of those in the Senate.
Some members, with little or no opposition, could stay in Washington with no great hardship, even if they would rather be at home; some confined their campaigning to long weekends, but many left for protracted tours in the districts.
The double life, legislating in Washington and campaigning at home, runs into money — especially if home is across the country. Members are reimbursed for three round trips a year; the cost of further shuttling is on them.

U.S. Rejects Effort To Halt Aid To Congo

WASHINGTON (AP) — The Johnson administration has rejected an attempt by the Organization of African Unity to halt U.S. military assistance to the troubled Congo.
"We could not agree to discuss our aid to the Congo without the participation of the Congolese government at whose request our aid is given," State Department press officer Robert McCloskey said Wednesday.
Other sources reported that President Johnson's schedule is too crowded to permit a conference with representatives of the OAU, a 34-nation African group that has had U.S. support over the years in its efforts to stabilize the Congo.
This means the United States won't discuss its aid program with a five-nation OAU delegation that wants such aid — primarily communication and transportation equipment — cut off.
It means the United States has sided with the Congolese government, whose leaders have denounced the effort to halt American assistance.
Announcement of the U.S. position came after Kenya's minister of state, Joseph Mumburi, had left for Washington. Other African nations represented on the mission are Ghana, Guinea, Nigeria and the United Arab Republic.

Johnson Gets Warren Unit's Report Today

Probe Into Slaying Of Kennedy Will Be Announced Sunday

WASHINGTON (AP) — The seven members of the Warren Commission present to President Johnson today the completed report on their investigation of the assassination of President John F. Kennedy.
Chief Justice Earl Warren and his six commission colleagues had a late morning White House appointment. Their massive report is to be made public Sunday night.
The instructions they received from Johnson 10 months ago, when he ordered the inquiry, were to "study and report upon all facts and circumstances" relating to the slaying in Dallas last Nov. 22 and on "the subsequent violent death of the man charged with the assassination" — Lee Harvey Oswald.
The President directed the commission "to satisfy itself that the truth is known as far as it can be discovered, and to report its findings and conclusions to him, to the American people, and to the world."
In discharging this duty, the seven have interrogated hundreds of witnesses in secret hearings, studied thousands of investigation reports, traced Oswald's movements abroad, re-enacted the killing and compiled some 20 volumes of testimony, depositions and exhibits.
The end product is the "Summary Report," a book of more than 700 pages, which will be issued Sunday. No schedule of release has been announced for the supporting volumes.
Besides Warren, the members are Allen W. Dulles, former director of the Central Intelligence Agency; John J. McCloy, banker, lawyer, and former high commissioner of Germany; Sens. Richard Russell, D-Ga., and John Sherman Cooper, R-Ky.; and Reps. Hale Boggs, D-La., and Gerald Ford, R-Mich.

Midland Man Hurt Badly In Car Plunge

A 21-year-old Midland man remains unconscious in City Hospital with head injuries suffered early this morning when his auto sheared off a utility pole on the Route 30 hill and plunged part way down the embankment to Rock Springs Park at Chester.
Mario Ulizio, son of Renaldo Ulizio, 32 Midland Ave., was listed in "critical" condition with a possible fractured skull.
Hancock Deputy Sheriff Rex Cowey said the investigation is being delayed until Ulizio, who was alone in the auto, can be questioned.
The sketchy details indicate Ulizio was descending the grade when his car went off the roadway at the Chester city limits, sheared off the Mongahela Power Co. pole carrying a 12,000-volt line and plunged about half way down the steep embankment.
A utility crew was replacing the pole this morning and restoring service to the last home affected by the break in the line, which feeds homes to the city limits.
Only about six homes were affected with service restored to all but one within an hour, a company spokesman said. No homes or industries within the city were affected, he added.

9,266 Qualify For Voting As Drive Closes

Enrollment Totals 2,008 Under 1960 As 360 Register

East Liverpool has approximately 9,266 voters qualified for the general election Nov. 3, a decline of 2,008 from the 11,274 registered in advance of the last Presidential balloting in 1960.
The County Election Board announced the tentative total today after ringing down the curtain on enrollment Wednesday night at 10—climax of one of the most comprehensive registration campaigns ever conducted here.
The board said 360 qualified in a continual rush that marked the final day.
The total included 211 at the board's office on W. 6th St. and 149 more enrolled in three branch registration offices on North Side, Pleasant Heights and East End.
The East End office signed 75 new voters yesterday, while 55 were enrolled on North Side and 19 qualified at the Pleasant Heights office.
In three days of operations, the branch offices signed a total of 240. The East End office qualified 119; North Side had 82 and Pleasant Heights signed 39.
The Election Board staff commented that the registration included an unusually large number of persons who had not voted for 20 years or more.
An 83-year-old woman said she had not voted since casting her vote for Warren G. Harding in 1920.
East Liverpool's registration hit an all-time high of 12,642 in advance of the 1940 Presidential election.
A steady rush marked the last day of enrollment. The board's office staff registered 72 in normal hours ending at 4 p.m. yesterday. Another 139 signed between 4 and the deadline at 10.
The Election Board pointed out that the enrollment total is subject to revision when a check is made to eliminate duplications.
Work will start next week on compiling and printing precinct (Turn to VOTERS, Page 5)

In Hospital With Heart Ailment

Mahalia Jackson, Famed Singer, Is Seriously Ill

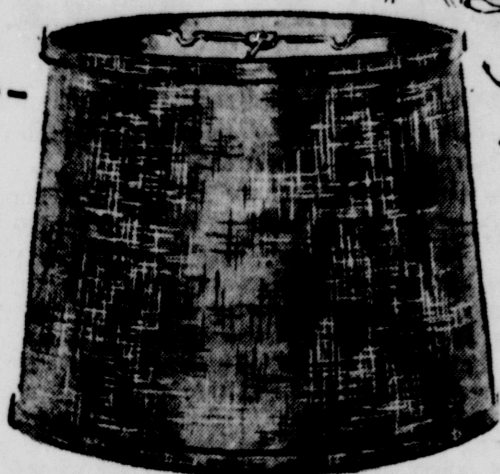

CHICAGO (AP) — Famed singer Mahalia Jackson, who introduced gospel singing to millions across the world, is seriously ill with a heart ailment.
Miss Jackson, 50, was hospitalized Sept. 15 at Little Company of Mary Hospital with what doctors then described as exhaustion due to overwork. The Associated Press learned today that she since has been ordered to remain in bed for four to six weeks.
The hospital said visiting was restricted. No telephone calls are permitted.
Miss Jackson has canceled all scheduled appearances through October and has turned down a personal invitation from President Johnson for a White House dinner Oct. 6.

Doctors now say the 200-pound Miss Jackson, who returned in May from a triumphant overseas tour, is suffering from a heart ailment. They decline to indicate how long she will be hospitalized. A spokesman said: "The big problem is that there's nothing much to say one way or another."
Miss Jackson's agent, Lou Mindling of Los Angeles, said, "She's coming along fine. She's resting well. We hope to have her back working in 30 to 40 days."
Miss Jackson, whose records sell in the millions, learned to sing in a small church on the Mississippi River levee front in New Orleans. Her father died when she was 6 years old. At 13 (Turn to SINGER, Page 5)

Wind Fans Grass Fire, 3 Homes Endangered

An extensive grass fire, fanned by gusty winds, endangered three homes along the Hillcrest Rd. near Wellsville Wednesday afternoon.
The Wellsville volunteer department and Charles Heffner, district fire warden, quelled the blaze.
Firemen said the cause was undetermined. It started in the vicinity of the home of Earl Williams Jr., 1071 Hillcrest Rd., about 3:50.
It threatened the Williams home and two neighboring houses. As the area is at the head of a hollow, it was fed by a natural draft and the winds kept shifting continually. After extinguishing the fire on the lower side, the firemen went to the upper side to keep the fire from going up the hill.

Midland United Funds Kickoff Will Be Monday

The Midland Area United Fund campaign, with a goal of \$59,788, will hold its "kickoff" meeting and dinner Monday evening, Charles Kurcina of Ohioville, general campaign chairman, announced.

The Midland Works of the Crucible Steel Co. will be host for the dinner at the company's management diningroom. Over 60, including campaign officers, division chairmen and volunteers, will attend.

M. J. Demeter, plant manager of the Armco Steel Co. of Ambridge, and co-chairman of the United Funds of Beaver County, will be a guest.

Designated as UF Sunday, Oct. 4, will mark the "official" start of the campaign scheduled to end by Nov. 6.

This year's goal — which will aid 43 health and welfare agencies — is \$1,284 more than last year's results of \$58,504. The Midland drive last year achieved 106 per cent of its \$55,310 goal to win the UF county banner.

Midland also won the county banners in 1960 and 1962.

Joseph D'Alesio of Midland, president of the Steelworkers Local 1212, and Charles A. Jacoby of Ohio View are co-chairmen for the campaign.

Mayor Eli G. Corak of Midland is chairman of the UF Chapter Fair Share phase and Earl Rankin of Industry is public relations chairman.

The goals of the various division chairmen plus an expected \$2,462 county credit make up the \$59,788 goal.

Kurcina said in-plant solicitations in area industries will begin next week. He reminded non-Beaver County residents that their contribution pledges will be sent to the charities in their own area.

City Student's Semifinalist In Scholarship Competition

Michael R. Snowden, East Liverpool High School senior, is among 14,000 semi-finalists in nationwide competition for merit scholarships, the National Merit Scholarship Corp. announced today at Evanston, Ill.

The students became semi-finalists in the 1964-65 merit program through their outstanding performance on the National Merit Scholarship Qualifying Test, administered last March in more than 17,000 high schools. This test of educational development is the first step toward winning a four-year merit scholarship to a college of the student's choice.

The semi-finalist group is composed of the highest-scoring students in each state and in the United States territories. Semi-finalists must substantiate their qualifying test performance on a second examination, be endorsed by their schools, and fulfill certain routine requirements to become finalists.

"Semi-finalists are representative of our country's most intellectually able young people," John M. Stalnaker, president of the NMS, said.

Snowden, 17, son of Mr. and Mrs. John D. Owen, 1615 Holiday St., has pursued engineering courses and is co-captain of the Potter football team. He is interested in the Air Force Academy and already has received one physical examination.

In the last phase of the competition, high school grades, creative accomplishments, leadership qualities, extracurricular activities and school citizenship will be evaluated along with their score on a second test given to substantiate their performance in the qualifying test.

Snowden also is a member of the National Honor Society, Thespians, Potter Police and Varsity Club and was a member of the wrestling and track teams last year.

The qualifying test is given each year at the high school by Bert A. Dawson and Mrs. Ruth Connor, deans. This year's test will be given March 2.

The names of merit scholars will be announced April 28.

Only other semi-finalist from this area is Chereene Cwiklik of Weirton Madonna High School in Weirton.

Dead Animals' Bodies Restricted To Dump

Bodies of dead dogs and cats should be taken to the city landfill dump in Bloomfield for disposal, not to the dog pound in West End, Safety - Service Director Robert E. Vodrey said today.

Vodrey said some persons have been taking the animal carcasses to the pound at the sewage treatment plant, but there are no facilities there for disposal. Sometimes the bodies have been left in the doorway of the pound when the warden is absent, Vodrey added.

The director warned that improper disposal of animal carcasses leaves an individual open to prosecution under a new ordinance regulating garbage and refuse disposal.

Out Of The Air

By RICHARD K. DOAN

Adam Cartwright Still Alive

Adam Cartwright will not get gunned down next February, NBC officials stated firmly. They were denying a report that Pernell Roberts, one of the sons in NBC's highly popular "Bonanza," wanted out of the show in mid-season and would be accommodated by a plot calling for him to be shot dead.

"He has a one-year contract and he's going to finish it out," an NBC spokesman announced.

Richard K. Doan

NO PLANS have been laid yet as to how Roberts will be written out of the picture at season's end, but he definitely will not be "wiped out" even then, an NBC official reported.

"We might want to bring him back into the story from time to time," he said.

It's not the first time Roberts has been in the news as a reportedly rebellious member of the Cartwright clan.

Months ago he was said to be agitating for release from his contractual commitments on the Western series. He was described as feeling he should be doing more important acting roles on the stage.

Plans were made then to have him get married — fictionally, that is — and take his bride to a place far removed from the Ponderosa. Before this came to pass, Roberts decided to stay on.

CBS OFFICIALS confirmed trade reports that the network is "in conversation" with Gene Kelly about doing a TV musical spectacular some time this season.

The dancer-actor-producer would produce the program as well as star in it, possibly with Leslie Caron as his leading guest star.

Miss Caron is scheduled to be seen with Robert Goulet in an hour special he will do for CBS on Nov. 19.

A CBS spokesman said the Kelly show, if it materializes, will be a "major musical special."

Gene Kelly has been missing from the TV lists since his ABC dramatic series, "Going My Way," faded at the end of season before last.

TELEVISION on both sides of the Atlantic will turn out elegant salutes to Sir Winston Churchill on his 90th birthday in November.

NBC reported that a previously announced "Hall of Fame" color documentary Nov. 30 will be narrated by the distinguished British actor, Sir Alec Guinness.

It will be titled "The Other World of Winston Churchill" and will be based on the former Prime Minister's book, "Painting as a Pastime."

Among those appearing on the program will be actress Merle Oberon, who will tell how Sir Winston tutored her in painting.

NBC said the show, now being filmed in England, will be shown Nov. 30 also in Great Britain and other Commonwealth countries.

MEANWHILE, the British Broadcasting Corp. disclosed plans for a "musical spectacular" celebrating Sir Winston's birthday.

Booked for showing on the BBC Nov. 29, the 90-minute show will be called "90 Years On," will cost \$56,000, will be written by Terrence Rattigan and narrated by Noel Coward.

The cast will include Julie Andrews, Dame Margot Fonteyn and Stanley Holloway.

BBC officials said TV organizations in several countries, including the U.S. and Soviet Union, have expressed interest in televising the program.

Miller Believes President 'Cracking Under Pressure'

MEDFORD, Ore. (AP) — President Johnson showed signs of "cracking under political pressure" when he referred to Sen. Barry Goldwater as a "raving demagogue," GOP vice presidential nominee William E. Miller said today.

Miller, on an extensive campaign swing through the West, questioned whether Johnson was up to the pressure of the responsibility for handling the issues of war or peace.

"Is this the kind of man we want to have his finger on the trigger of nuclear weapons?" Miller asked in a statement issued as he began another day of campaigning.

Johnson did not mention Goldwater, the Republican candidate for president, by name when he referred in a speech Tuesday night to a "raving demagogue" but there was general agreement that he had Goldwater in mind.

In suggesting that Johnson was too irresponsible to have control over nuclear weapons, Miller was turning on the Democrats the same argument they have used frequently against Goldwater.

Miller had no comment on a statement Wednesday by Sen. Karl Mundt, R-S.D., that the national candidates were conducting a "low-level, schoolyard campaign." Mundt called for the elimination of invective from the political debate.

Miller's schedule today listed a breakfast rally here and a flight to California for two days of stumping in a state Miller has termed "a strategic battleground" in the 1964 presidential contest.

He traveled Wednesday from Idaho to Utah, and into Portland, Ore., where he addressed more than 600 Republicans at a \$100-a-plate fund-raising dinner.

"The wall in Berlin is a monument to the strength of communism and to the vacillation and weakness of this administration," Miller said.

At a news conference Miller said that the recent departure of Grant Reynolds, a Negro attorney, from the Republican National Committee, should not be considered a sign that Republicans have written off the Negro vote.

Miller said he had brought Reynolds into the national committee office, and that the new party chairman, Dean Burch, had followed custom in bringing in his own top aides.

Red China Trying To Buy Or Negotiate For Plants

LONDON (AP) — Red China is reported buying or negotiating for \$200 million worth of chemical plants from Britain, Western Europe and Japan.

Informants said the Chinese already have ordered seven plants from West European countries and two from Japan, and about a dozen are under negotiation with British firms.

British businessmen are saying privately that the \$200 million involved seems to be within China's capacity to pay because of an exceptionally good harvest this year.

The British government has been cool, however, to overtures from Peking to underwrite long-term credits to help build China's chemical industry.

An authoritative source said the British government, which insures exporters against loss, does not see the Chinese as a good long-term credit risk.

A positive response would also draw a sharp protest from the United States.

The Board of Trade earlier this year allowed up to \$280 million of long-term credit to the Soviet Union for purchase of chemical plants. An equivalent sum is to be allowed smaller Communist countries of Eastern Europe for the same purpose.

The American and other Allied governments criticized these decisions.

The British government and British businessmen have the impression that the Chinese Communists are following the lead of the Russians in putting increasing emphasis on production of plastics, fertilizers and artificial fibers.

Humphrey Says Goldwater Giving Us 'Bewildering Blur'

NEW YORK (AP) — Sen. Hubert H. Humphrey, campaigning along the sidewalks of New York, said today that Sen. Barry Goldwater "is giving us neither a choice nor an echo, but a baffling, bewildering blur."

"No man asking the American people to elect him as president," said Humphrey, "has the right to make cryptic, often ominous remarks and then leave the electorate to discover their meanings."

Humphrey was to team up with Robert F. Kennedy — running for the U.S. Senate from New York — in campaigning around New York City, but he may have to return to Washington later today.

The Senate is due to vote in its long battle over trying to delay court-ordered legislative reapportionment and the White House told Humphrey by telephone that his vote might be needed.

Humphrey whipped through Indiana Wednesday, speaking at rallies until he was hoarse, shaking hands with school children and singing the praises of President Johnson.

Today, in remarks prepared for the New York City Central

Labor Council, Humphrey said he wanted to take some statements Goldwater has made and "ask him what they mean."

"Because Sen. Goldwater specializes in dark, obscure pronouncements," said Humphrey, "I can only begin the task of questioning today. The backlog of confusing utterances is considerable — and growing every day — but let us begin with a few of the choicer ambiguities."

Humphrey recalled Goldwater's interview in the German news magazine Der Spiegel June 30 in which Goldwater was asked whether as president he would be willing to go to the brink of war.

He quoted the Republican candidate for president as replying:

"Yes, just as your country — that is, Germany — has used brinkmanship down through the years and done so very, very successfully."

Humphrey charged that no one "with common sense" could applaud German brinkmanship, which, he said, had been "disastrous for Germany and the other nations of the world" in two world wars.

A staff of three professionally-trained men are employed by the council to provide guidance in the scouting program. The council owns and operates Camp McKinley at Lisbon.

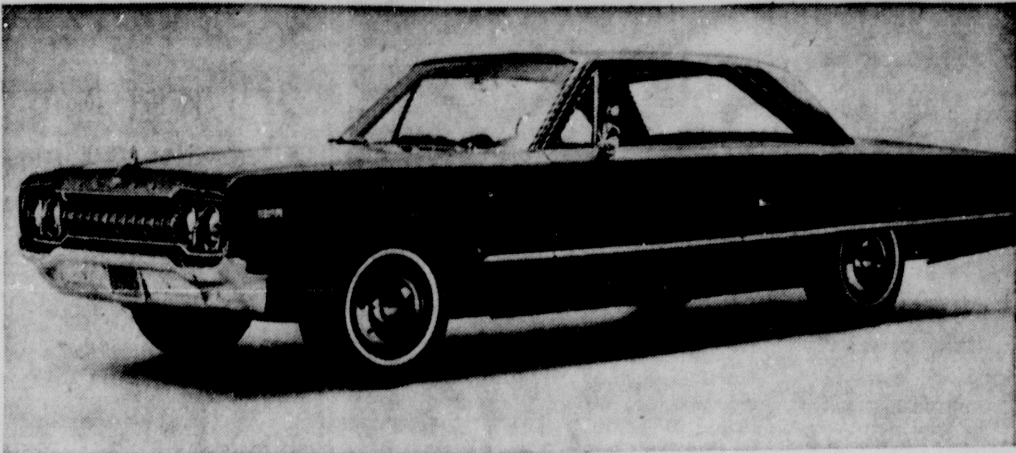

A total of over 3,200 boys have been part of the scouting program in 1964, according to Bennett Taylor, executive director of the Council.

The training program of the council trains both scout and cub leaders in unit operation, program skills and use of scouting literature. This program is a continuous part of the council services with more than 32 courses offered each year.

Bringing Up Family

By DR. GARRY MYERS

Workable Home Study Plan Offered

Recently a mother described to me a program for home study which she and her husband devised and enforced during the last school year. It involved three girls and three boys, ranging in age from 10 to 18. (I happen to know a good deal about this family first-hand.) Dr. Garry Myers The five nights between Sunday and Thursday inclusive were reserved for homework. Except for a few school rehearsals, or very special programs, all the children were required to be home on these nights. One of the parents was practically always home during this period each night.

Between seven and bedtime no radio or TV was allowed, and no games or other amusement. Telephoning was limited during this study period. However, the mother said they didn't feel they met this problem very well. Bedtime was not defined, except for the youngest child. Any child who said he or she had no homework was required to read from approved materials.

NATURALLY, there were some protests from a few of these youngsters. But the protests decreased as the program faced them with inevitability. You can imagine it was not easy for the parents to remain firm and not to succumb. We admire them for their fortitude. I talked to a few of these children. They admitted that the program had merits, though they thought the plan pretty strict for teen-agers. Not many years hence they will pretty surely be glad they had such a program for the homework period. My guess is that, without it, some of these children would have become school laggards, eventual dropouts. Two are entering college this fall and it looks as if all will qualify, and that some will be able to choose almost any college. The few children who had lagged at school the year before gained greatly in school progress and read far more now for pleasure. The oldest boy, who had been a very poor reader

and who rarely used to read for pleasure, was reported to have chosen to read a great many fine books last year.

"IF THEY didn't read or study during the evening period, with no radio or television on and no games or other amusement allowed, they were bored," the mother added, "so they naturally read or studied a great deal."

This is one of the most heartening reports I have ever listened to. I just wish all my readers who have children in the upper grades, junior or senior high, could have heard this report. Some of you may choose to emulate these parents. It might not be easy to do. Indeed, you might not be able to approach their successes unless you have established effective control of your children in earlier years.

You parents of children 2, 4 or 7, who wish to be able to effect a similar program when these youngsters reach junior or senior high school, need to cultivate desirable control of them now in a comfortable family atmosphere of understanding and love. These controls should include desirable routine regulations, such as coming automatically into the house when the lights appear; a reasonably regular bedtime; limitations on listening to radio and TV; and doing some definite home chores regularly.

AS SOON as these children begin to read, encourage—even require—some approved reading each evening. When homework begins, map a reasonable, regular program you can enforce. From the time your child enters school, see that he remains home on nights before school days.

My bulletins, "Parents and the Child's Homework," "Helping Child with Lessons at Home" and "Educating Your Child in Responsibility," may be secured by sending a self-addressed, stamped envelope to me in care of The Review.

New Rail Empire To Link Missouri Valley And East

NEW YORK (AP)—A mighty new railroad empire nearly four years in the making will link the Missouri Valley to the East Coast next month.

Its formal creation under sponsorship of the Norfolk & Western Railway will mark a giant step toward reorganization of the nation's rail network into perhaps a dozen regional systems.

The greater Norfolk & Western, barring an 11th-hour hitch, will begin taking shape Oct. 16 under a consolidation plan involving five other roads.

Combined, their tracks will sprawl 7,800 miles through 14 states and cross into Canada near Buffalo, N.Y.

Joined with the N&W will be

the Wabash and Nickel Plate railroads, both major properties, along with the 110-mile Sandusky (Ohio) line of the Pennsylvania Railroad, the 171-mile Akron, Canton & Youngstown Railroad and the 132-mile Pittsburgh & West Virginia Railway.

Real Foresight

MANILA — More than 70 weapons — ice picks, knives, slings and darts — were found hidden in the city jail. Inmates said some of the weapons were hidden by prisoners who had been released but wanted to have arms on hand in case they were jailed again.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Now that school has started again several of us parents would like your views.

Last winter a high school girl (age 16) became pregnant. The boy was a senior. They were both popular and involved in school activities.

Well, they didn't miss a thing. They were married in February and continued to go on school trips. They participated in band competition and the girl was a tulip in the May festival. She was six months pregnant at the time—and stood right in the front row.

At commencement the boy received three awards and was given a thunderous ovation.

It's always sad when young people get into trouble but it is wise to permit them to remain in school and enjoy honors and privileges? I'd like to see your views in print.—SO BO CO.

Dear So: I don't think pregnant girls belong in high school—married or single. Nor do I feel that married boys should be permitted to engage in extracurricular activities.

The boy who marries in high school should be devoting all his extra time to a job. When he becomes a husband he forfeits the privileges of a "fun-loving kid."

I do NOT believe a married male student should be kicked out of school, however. He

will be needing all the education he can get. Expulsion would hit him hard at a time when he least can afford it.

Objective Opinion

Dear Ann: The letter from "Unenslaved" about cigarette smoking was ONE person's opinion. And now will you print mine?

You keep insisting, Ann Landers, that smoking is a dirty habit. Why? I've been smoking since I was 17 and can see nothing dirty about it. I find smoking refreshing, relaxing and pleasant. I have yet to burn a hole in anything.

I understand you do not smoke and never have. How, then, can you have such definite views on the subject? Thank you for answering in the column—if you are equal to it.—E and H.

Dear E and H: I've never been drunk, divorced or committed a murder, either, but I have some pretty definite views on THOSE subjects, too.

Smoking IS a dirty habit and perhaps the best authorities are those who do not smoke. Nonsmokers can be objective about the stained teeth, the discolored fingers, the foul breath and the odor of stale smoke on other people's clothing.

Any more questions? Don't hesitate to write.

Familiar Feature

Dear Ann: I have reason to believe my husband is the father of a child born to another woman. She is married and has other children.

For two years I suspected my husband was seeing her. He has denied it consistently. The child which clinched my suspicions has an unusual ear structure which runs in my husband's family. My husband, his brothers and his father have this same odd ear structure. Our own children have it, too.

Naturally I don't want to ruin my husband's name, nor do I want to hurt the other woman's family. I would divorce him for "mental cruelty" and not mention the baby. But he will not give me a divorce unless I have the goods on him.

Do I? Can a blood test prove anything?—NOT SEEKING REVENGE.

Dear Not Seeking: A blood test can prove only that a man is not the father of a child. It cannot prove that he is.

As for the odd ear structure, your lawyer will tell you whether or not such evidence is admissible in a court.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Some Solutions To Reader's Problems

The variety of letters which come from you readers form the basis of the daily column. Here are excerpts from the current crop:

"What is the exercise technique for reaching out-of-the-way bulges? I have never seen an exercise for dealing with fatty pads on the inside of the knees."

First, check the position of your feet in standing and walking. Make sure to point your toes straight ahead and throw the weight to the outer borders of your feet. For an exercise, try this isometric:

SIT IN a chair without arms. Place feet about four inches apart. Bend forward and place right hand on inside of left knee, and left hand on inside of right knee. Push knees and hands hard against each other. Hold for a count of eight, repeat twice. This tug-of-war muscles strengthens legs and knees, also chest muscles.

Comment from a teenager: "I wanted a mohair sweater. My mother said it would make me look like a barn. I'm 11. I did weigh 130 pounds. I was promised the sweater if I reduced. I set my goal at 115. I am now just five pounds from the sweater! Please send toning exercises."

Cheers, honey. There is nothing like a goal to keep you going strong. Exercises are on their way.

From a career girl: "Counting the calories is the sure way to reduce. I have lost 40 pounds, from 168 to 128. Hurry with new calorie chart, mine is in tatters..."

A TOPS group wants new members: "I am a member of the TOPS group in Glasgow Village in St. Louis. Please tell other overweights in our vicinity that they would be welcome to join us. We call ourselves the Wee Bonnie Lassies."

GOOD! May your membership grow and your sizes diminish. A homemaker writes: "I am 50, have a large stomach, but I am not overweight. What to do?"

The problem is not one of excess fat on the abdomen, but a lack of sufficient tone in the important middle muscles. Corrective exercises to strengthen the abdominals and straighten your posture will work a miracle. Use the new Isometric Exercises and practice No. 4 — the abdominal flattener. You'll get results in a couple of weeks.

Send stamped, self-addressed, long envelope for Isometric Exercises. Address request to Ida Jean Kain, care of The Review. Post card requests cannot be answered.

Sherman Plunkett of Baltimore is the heaviest member of the New York Jets football team. The 29-year-old outsize tackle scales 295 pounds.

Hints from Heloise

— By Heloise Crane —

Dear Heloise: I have acquired the reputation among my friends for being a mixologist . . .

An embarrassing moment came when I produced an olive jar with a white substance on top. It looked like a jar of spoiled preserves that mother used to make. A friend advised me to place the olives in the refrigerator as usual, but to leave the TOP off the jar; all of which sounded like old-time witchcraft.

However, as I had nothing to lose, I tried it, and lo and behold in three days, a miracle! Clear olives and brine right down to the last olive in a quart jar.

Bottoms up!

SIDNEY KEATE.

And thanks, Sidney, for your fantastic hint.

We love you for it.

HELOISE.

DEAR HELOISE: For storing out-of-season clothing, a 20 gallon garbage can (new, of course) will serve the purpose.

Fold the clothing, and lay it in the can, add a few moth crystals in between the layers of clothing, put the lid on tightly, and no bug or moth can enter.

These cans can then be stored in a cupboard, basement, or attic, as they take up very little space.

MARY JANE BORGMAN.

DEAR HELOISE: I shellac all game boards (Scrabble, Checkers, Monopoly, etc.) before they are ever used.

I use a colorless shellac and stroke the first coat on with a very, very light touch. Too much shellac may cause smearing. I let it dry thoroughly, then shellac again.

By using this method, it is so easy to wipe off crumbs, spills, etc. . . and the boards stay inviting so much longer.

Also, this is an A-1 way to protect cook book covers. Then they wipe clean so easily.

PAULA WINKEY.

DEAR HELOISE: If you ever need an emergency screwdriver, try this . . .

Simply detach a garter from your girdle and use either end of the metal clasps. Works fine.

MRS. G. COX.

DEAR HELOISE: After three years of hanging onto the box our stainless steel flat ware came in, I finally found the perfect use for it . . . a tool box!

The slots for knives are perfect for screwdrivers and flat tools, while the hatches used for spoons and forks can hold wrenches, pliers, paintbrushes, etc. Room is still left for tacks, and a hammer and some nails.

Kept in a kitchen cabinet, the box looks attractive, and is so handy for odd jobs.

JUDY TEMPLE.

DEAR HELOISE: Since my husband and I are great believers in seat belts, we bought booster chairs for our two youngsters — the kind with thin metal legs — and we can now use regular adult seat belts for strapping each child and chair together.

This way, the children are sitting up high enough to look out the window, but still are secure.

AN ENTIRELY NEW CAR, unlike any predecessor in its 26-year history, Mercury for 1965 is three inches longer and features classic styling which imparts a look of formality, as illustrated by the Park Lane four-door hardtop. Today In History

By The Associated Press
Today is Thursday, Sept. 24, the 268th day of 1964. There are 98 days left in the year.

Today's highlight in history:

This date in 1869 was disastrous "Black Friday," when Jay Gould, James Fisk and Abel Corbin appeared to have cornered most of the existing free stocks of gold in the United States. The government stepped in, dumping Treasury stocks of gold on the market to thwart the three financial buccaneers. The price dropped, but by noon the Wall Street crash came and thousands of businessmen were ruined.

On this date:

In 1780, Benedict Arnold escaped to a British ship after attempting to betray West Point.

In 1789, George Washington appointed John Jay of New York the first chief justice of the Supreme Court.

In 1941, nine European nations and the Soviet Union pledged full allegiance to the Atlantic Charter.

Ten years ago — The U.N. General Assembly overrode British objections and voted to hear Greek demands for self-determination for the people of Cyprus.

One year ago — The Senate approved the nuclear test-ban treaty.

Sandusky Man Heads Improvement Council

COLUMBUS, Ohio (AP)—The newly formed Community Improvement Corporation Council has appointed as its chairman William H. Smith of the Sandusky Community Improvement Corp. Named vice chairmen at the council's initial meeting Wednesday were Richard DeChant of the Greater Cleveland Growth Board and State Rep. Edmund G. James, R-Noble, President of the Noble County Community Improvement Corp.

The council, authorized Aug.

4 at an industrial financing workshop attended by 200 Ohioans interested in industrial development, is to study various programs for industrial financing and recommend a plan to Gov. James A. Rhodes for submission to the 106th General Assembly convening in January.

Elect With 3 Returned

Officers were elected by the Hancock County 4-H Leaders Association Tuesday night at the County Extension Office in New Cumberland, with Mrs. Wayland Lancaster, supervisor of the County Children's Home in Pughtown, returned as president.

Also re-elected were Mrs. Earl Priest of Pughtown, vice president, and Mrs. Earl Jones of Weirton, secretary. Mrs. John Bryan of Park Meadows was elected treasurer.

A new constitution, presented by Mrs. Kenneth Timberlake, was adopted. A committee reported plans completed for the annual Achievement Banquet Monday night at 6:30 at Weirton Community Center.

The various clubs were urged to elect officers by the October meeting. A new age limit for 4-H members was announced. Nationally, boys and girls must be at least 9 by Jan. 1 and shall not have passed their 19th birthday by Jan. 1. However, in West Virginia, boys and girls will be accepted who are 9 by Jan. 1 and who have not passed their 21st birthdays by Jan. 1 as has been the standard in the past.

New projects available in January will be home beautification, money management, electronics, hobbies, career exploration, archery, small motors and flowers.

National 4-H Club Week will start Saturday with some clubs planning special meetings or activities. A regional leaders conference will be held Nov. 14 at West Liberty State College.

A conference of young men and women from Ohio, West Virginia, Delaware and Maryland will be held Oct. 9-11 at Jackson Mills. Anyone from Hancock County between 17 and 30 desiring to attend may contact the County Extension Office.

Mississippi Negroes Cited
For 'Criminal Syndicalism'

MCCOMB, Miss. (AP) — An undisclosed number of Negroes have been arrested in this racially tense area on warrants charging them with "criminal syndicalism" — a new state law prohibiting unlawful acts to bring about a political or social change.

A bomb was hurled Wednesday night at the home of a former Negro city police officer who was en route to Washington to talk to the U.S. Civil Rights Commission and the Justice Department.

The house of Ardis Garner, the former policeman, was not damaged. No one was in the structure when the bomb exploded.

A second bomb explosion was reported shortly after midnight near Percy Quinn State Park southwest of McComb. Several Negro churches in the vicinity of the park have been burned during the summer.

The FBI was reported investigating the two latest bombings — 15th and 16th in this area since June.

Authorities declined to say how many warrants had been issued on the syndicalism charges. There was no total available for the number arrested and booked at nearby Magnolia, seat of justice for Pike County.

The criminal syndicalism law, approved in the spring by the state legislature, makes it unlawful to advocate, teach, aid or abet the commission of criminal acts to effect a change in ownership, political or social change, or for profit.

Punishment ranges from fines of from \$200 to \$1,000 and jail sentences of 1 to 10 years for violating or encouraging others to violate the law.

Morris, legislative agent, and Mrs. Hugh Farmer, juvenile matron.

Man Killed And Wife
Hurt In Auto Wreck

WAVERLY, Ohio (AP) — William R. Smith, 78, of Rt. 2 Beaver, was killed Wednesday and his wife, Ollie, 72, was injured in a traffic accident apparently caused when Smith suffered a heart attack.

The Highway Patrol said Smith's car veered off Ohio 124 southeast of here and struck a sign designating the Pike-Jackson County line. The county coroner said a broken neck suffered in the accident, and not the heart attack, caused Smith's death.

86-Hour Stay 1,800 Feet Below
Man Rescued From Shaft
Has Happy Story To Tell

LAS VEGAS, Nev. (AP) — Instead of cold broth, there was steak. Instead of misery there was overtime.

George Cooper, 44, an electrician and weather-worn veteran of many construction projects, is a man with a happy story to tell about an 86-hour stay 1,800 feet below the Nevada desert that started Saturday and ended Tuesday with the liberation of four workmen.

One man was killed on the surface when cable whip-lashed up the shaft.

Cooper, Leland Roeder, 45, Floyd Shaw, 51, and Art Luhn, 27, the group cut off, were sealed into a 30-foot-square room off the bottom of a nuclear test shaft at the Nevada test site, near Mercury, Nev.

Their jailer was 1,000 feet of tangled steel cable jammed into the final 300 feet of the shaft. Rescue workers worked round the clock to remove the cable and free the men.

Cooper, from Tucson, Ariz., told this story: "We barely stepped back from lowering the cable when we heard a swooshing sound coming on like a train. It got louder and louder, then it was quiet."

Communications were rigged through a 10-inch ventilation shaft.

"I was on the phone first and asked them if anybody was killed at the top. You know how thoughts run through your mind.

"We never found out that Jim Gray was dead till we got out. "I was real sorry. Jim was from Arizona too."

Soon a flow of heavy woolen blankets came down, with playing cards, magazines, a razor, hot coffee and ham sandwiches.

Emergency lanterns illuminated a square room, blasted from rock, with a 10-foot ceiling.

"We were busy all night talking to the guys on top — saying we were okay. We got our first meal at about nine Sunday morning.

"Nine large steaks for four men, we enjoyed that. They were medium done, just like we like it. There was gravy,

mashed potatoes, hot rolls and coffee."

All told, each man earned about \$900 in overtime pay for his below ground stay.

Cooper planned to be back to work today. He said he had to turn in because he had to get up at 4 a. m.

Route Change Made
In Canal's North End

PITTSBURGH (AP) — The Army Engineers have made a change in their suggested route for the northern end of the proposed Ohio River - Lake Erie Canal.

The engineers recommended that the canal flow into Lake Erie at Fairport Harbor, adjacent to Painesville, Ohio, instead of at Ashtabula, Ohio. This would place it 35 miles closer to Cleveland.

A spokesman for the engineers declined to comment today on why the change was made. He said further details would be disclosed at public hearings scheduled for Oct. 19 and 20 in Pittsburgh and Oct. 22 and 23 in Jefferson, Ohio.

The canal would connect Lake Erie with the Ohio River at Rochester, Pa.

West Virginia Man
Given 20-Year Term

PITTSBURGH (AP) — A West Virginia man has been given a 20-year prison sentence for the \$27,234 robbery of a Pennsylvania bank.

He is Quinn D. Sorrells, 31, of Ridgeley, who pleaded guilty to robbing the Hollitzell National Bank in Hyndman, Bedford County, last June 17.

Police arrested Sorrells a few hours after the holdup in a nearby tavern. All but \$2 of the money was recovered.

Second Jetliner
Is Chartered For
Goldwater Drive

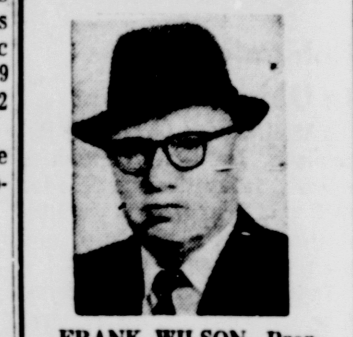

WICHITA, Kan. (AP) — A second jet airliner has been chartered for Sen. Barry Goldwater's Republican presidential campaign.

Press secretary Paul F. Wagner said Wednesday night the United Airlines Boeing 727 will accommodate the overflow of reporters and staff members from Goldwater's jet, which has room for 54 newsmen and 20 staff members.

A Convair propeller-driven plane had been used as the back-up craft, but it couldn't keep up with Goldwater's American Airlines 727 jet and had to skip some of his appearances.

Reds Get OK To Print World Series Tickets

CINCINNATI (AP)—The Cincinnati Reds are now in the printing business.

Baseball Commissioner Ford Frick Wednesday authorized the Reds—only 3 1/2 games behind league leading Philadelphia—to print World Series tickets.

But a Cincinnati spokesman said no applications are being accepted now, and the club soon will make an announcement about the tickets.

The World Series will open Oct. 7 in the park of the National League winner.

Yesterday's Stars

BATTING — Vada Pinson, Reds, hit two homers in two innings, the second a three-run shot in the seventh inning that broke a tie, powering second-place Cincinnati to a 6-4 victory over Philadelphia and to within 3 1/2 games of the National League-leading Phillies.

PITCHING — Don Loun, Senators, won his major league debut, beating Boston 1-0 with a five-hitter.

Al Balding Has Lead In Seattle Open Golf

SEATTLE (AP) — Al Balding, a thin Canadian hungry for victory, led the pack today in pursuit of the loot in the \$40,000 Greater Seattle Open golf tournament after shooting a six-under-par 64 in Wednesday's opening round.

Fifty-three professionals carried sub-par scores into the second round, the golf tour's biggest assault on par since 59 cracked the standard in the first 18 holes of the Insurance City Open at Hartford, Conn., in July.

Potter football coach Bob McNea is one person who is impressed with the powerful Steubenville Central eleven, which may prove a stumbling block for East Liverpool.

The Potters meet Central in a Saturday night battle at Steubenville's Harding Field. Kick-off will be at 8 p.m.

"Central's offense is fantastic," McNea said, after he watched the Crusaders crush Bellaire St. John's, 46-20, last Saturday.

"I THOUGHT St. John's would win that game, but I have never seen a team dominate another team like Central did to Bellaire. They played the way they owned them and St. John's was considered a good club."

Leads Powerful Crusader Offense

Asked what he thought was Steubenville's strong point, McNea immediately replied: "their running game. Buster Yannon, their halfback, is one of the better backs in the state and probably one of the fastest backs in the valley."

McNEA watched Yannon, a powerful type runner, put on a dazzling performance as the Crusader flash scored four touchdowns against St. John's and picked up 257 yards rushing. In two games, Yannon has mustered over 400 yards and 7 TD's.

"Central had a fair passing attack but with their running game doing so well they didn't have to go to the air much," McNea said. "By halftime, Central had picked up 227 yards rushing."

"I was very impressed with Steubenville, they're the biggest and the best we have faced, we'll have to keep our fingers crossed on this one," he added.

EQUALLY impressed with the Potters is Central coach Dick Pont. The Crusader coach told the Boosters Club earlier this week that "East Liverpool

beat a tough Midland team last week. They have a good ball club and one of the best quarterbacks in the state in Bob Maltarich."

"Right now he could play with a lot of college teams. He can throw and run with the best. We are going to have to play very good football to win this game," Pont said.

In addition to the victory over St. John's, Steubenville opened its season with a 20-0 win over Columbus Aquinas.

CENTRAL will show a vet-

eran line which will have a slight weight advantage over the Potters forward wall.

The Crusaders show six out of seven senior lettermen up front with Dave Urdzik a 205-pound senior the only lineman that didn't win a letter last season.

At ends will be Chuck Spence (168) and Jules DiFederico (208) with John Sobolewski (190) at the other tackle. Holding down the guard posts will be Lance Sogan (200) and Pat Egan (178) while Pat Lamantia (190) will be at center.

DiFederico was a tackle last season but has been converted to end. He, Sobolewski and Egan are tri-captains for the Crusaders.

JOINING Yannon in the backfield will be Jerry Fato, 140-pound quarterback standing 5-8 with Pat Madden (165) at the right half and Joe Crocetti (185) at fullback.

McNea, who watched his Potters come from behind to defeat Midland, 13-7 Friday, isn't planning any change in the starting lineup.

Bob Woods, the regular fullback, injured on the opening kickoff of the Beaver Local game, stands as a big question mark in the Potter camp.

McNEA said Woods probably wouldn't dress for the Central game. That means Denny Buran, who started the season at halfback, will start at fullback again with Ralph Smith and Nick Marchbanks at halfbacks.

Marchbanks turned in an outstanding running performance in the Midland game being the key performer in the second half. Not only did he turn in some fine running dashes but was a clutch receiver catching timely passes from Maltarich.

Looking over the Midland game, McNea said the movies revealed that co-captain Mike Snowden was the outstanding lineman of the contest turning in the most consistent job.

Reds Sweep Phillies, Advance To Within 3 1/2 Games Of Lead

Phils Have 9 Games Left, Cincy Has 10 To Go

By MURRAY CHASS
Associated Press Sports Writer
Can 63,000 Philadelphians be wrong? Yes, say the Cincinnati Reds, and they're playing as if they mean it.

The charging Reds defeated the National League-leading Phillies 6-4 Wednesday night for the third straight time and moved to within 3 1/2 games of the top. No one has been that close to Philadelphia since San Francisco was three games out Aug. 11.

The Phillies' fifth loss in their last six games came, ironically enough, on the day they began accepting orders for World Series tickets. Postmen delivered 18 sacks of mail holding more than 63,000 ticket requests.

The Reds weren't accepting orders, but they had authorization to print tickets. They also had optimism.

"We're smelling that Series money now, and we don't intend to let it go," said Vada Pinson, whose two homers in consecutive innings brought the Reds their seventh victory in eight games.

Philadelphia Manager Gene Mauch disagreed. "Baloney," he declared. "We're on top and that's where we're going to stay."

The Phillies have nine games remaining while Cincinnati, with three more losses than the leaders, has 10 to play.

The remaining Phillies' schedule has them hosting Milwaukee in a four-game series starting tonight, then traveling to St. Louis for three games before finishing with two at Cincinnati.

The Reds have an easier time—at least on paper—meeting the Mets in New York five times, then returning home for three games with Pittsburgh and the final two with the Phillies.

In other NL games Wednesday, New York nipped St. Louis 2-1, San Francisco defeated Houston 4-1, Pittsburgh trimmed Milwaukee 7-4 and Chicago downed Los Angeles 9-6.

Vicar Hanover Rated Favorite In Brown Jug

DELAWARE, Ohio (AP) — Vicar Hanover and a virus hangover cast long shadows over the 19th Little Brown Jug harness racing classic as a field of 13 colts got ready to go for the second gem in pacing's triple crown today.

When Race Time, the season's best among these 3-year-olds, was withdrawn last week due to a virus ailment, it became assured there will be no 1964 triple crown sweep—and Vicar Hanover was cast into the favorite's role here.

Fair, mild weather was in prospect and upward of 30,000 spectators were expected at the Delaware County Fairgrounds' half-mile oval this afternoon.

The Jug, at the mile distance, with a \$66,590 purse, was split into two divisions with the first heat, involving seven entries, going to the post at about 1:45 p.m. The other six colts were grouped for the second heat.

The front five in the first division and the top four in the second come back for heat No. 3. In event of a new winner in the third heat, the three heat winners race off.

Paul Turns Down Offer By Oakland

CLEVELAND (AP) — "The club can be saved for Cleveland. I don't know the formula, but it can be done."

That was the latest summation offered by Gabe Paul, Cleveland Indians' general manager, after he turned down a reported \$6,500,000 offer Wednesday to move the Tribe from Cleveland to Oakland, Calif.

Seattle, Atlanta and Dallas also are reportedly trying to woo the Indians away from Lake Erie.

The Oakland offer came in a telegram from Jim Stockman, a hotel owner and chairman of the newly formed Oakland Baseball Corp. Paul sent a telegram refusing the offer.

He said again, as he has said before: "I don't want to sell. I... have made no commitments."

Paul has said he had received fantastically attractive offers from 10 or 12 cities seeking the financially troubled Indians' franchise.

Cleveland civic leaders, meanwhile, have launched a drive to sell 8,000 season tickets for the 1965 season, the same number Seattle is trying to sell.

Gridder With Fractured Ankles Among 7 Injured

A city youth, who suffered fractured ankles in a football game at Westgate School Wednesday, is in "fairly good" condition at City Hospital where six other area gridgers were treated for playing injuries.

Michael McVay, son of Homer McVay of LaCroft, received fractures of the ankles when tackled during the game with Steubenville Central Wednesday at Patterson Field.

Also hurt in the Steubenville game were John Reed, 14, son of James Reed of Radio Heights, who received a possible back injury; Dennis Lowe, 14, son of Sam Lowe of Avondale St. who had a sprain of the right knee, and Raymond Szypulski, 14, of Steubenville who suffered a possible fracture of the left shoulder.

Bruce Karger, 15, of King's Court received lacerations of the left eye area when kicked during Beaver Local football practice, and Dennis Klembara, 14, son of Michael Klembara of Lisbon R. D. 2, suffered a cut of the lip while playing for the Beaver Local freshmen at Poland.

Clyde Durham, 15, son of Clyde Durham of 360 Penn Ave.,

Midland, was treated for a possible fractured arm while practicing football at Midland.

Westgaters In 6-6 Tie With Central

Westgate and Steubenville Central battled to a 6-6 tie Wednesday at Patterson Field.

Halfback Sam Scott put Westgate in front, 6-0, in the second quarter when he raced 35 yards for a touchdown. A run for the conversion was stopped.

Central bounced back in the third quarter marching 70 yards to tie the contest. Westgate stopped Central's run for the conversion.

Westgate is now 1-0-1 for the season after opening with a 30-6 victory over Leetonia last Saturday.

Harmony From Harmonica

Tribe Plays Cousins Again
As Yanks Forge 4 In Front

By MIKE RATHET
Associated Press Sports Writer

There's Mickey Mantle and Roger Maris and Mel Stottlemyre and Pedro Ramos. All good reasons why the New York Yankees have taken an imposing four-game lead in the American League pennant race with only 10 games remaining.

But the Yankees may actually have started moving to the front of the pack when Yogi Berra stepped to the back of the bus.

That was the day the Yankee manager blew the whistle on Phil Linz and his harmonica playing, the discordant notes apparently resulting in a greater harmony that has carried the Yankees from 4½ games behind to four in front.

Since Linz went "toot, toot" on his \$2.50 mouthpiece, the Yankees have played .727 ball with 24 victories in 33 games, including the sweep of a doubleheader from Cleveland 4-3 in 11 innings and 6-4 Wednesday night.

And Linz, who hasn't played his harmonica since Aug. 20, figures to get his chance soon. He has made this promise:

"If we clinch the pennant, I'll bring my harmonica into the dressing room and play a tune. The only notes I know now are 'Way Down Upon The Swane River'."

Lake Erie would be more fitting.

The doubleheader sweep against the Indians was the Yankees' second in two nights, gave them a 9-0 record at Cleveland this season and extended their latest winning streak to nine while lowering their magic pennant-clinching number to six.

Any combination of victories by the Yankees and losses by the runners-up will bring New York its fifth straight pennant.

Baltimore and Chicago wound up the day tied for second place, the Orioles losing to Detroit 10-3 while the White Sox defeated the Los Angeles Angels 2-1.

Though not impossible, the pennant chances of Baltimore and Chicago have almost van-

'Stick' Captures Ohio
Open In Great Finish

By FRITZ HOWELL
COLUMBUS, Ohio (AP)—Remember Don Stickney, the tall, skinny Columbus public linkster who went to the 1958 Ohio amateur tournament in Youngstown without a dime—and won everything except the championship?

Don was 18 that year. The first night of the tournament he slept beside the club's swimming pool. The next night it rained and he climbed into someone's open station wagon. He was carrying his own clubs, and the sole was loose on one of his golf shoes. He wasn't overeating, either.

But club members discovered his plight and moved him into the clubhouse. Then he appeared with a new pair of golf shoes and some other equipment to help him on his way.

Then he ran into Jack Nicklaus, currently the second-best golfing money-winner in the land. Stickney, the kid who didn't have a chance, shot a sizzling 67 and whipped Nicklaus, 2 and 1. He was the toast of the town.

He didn't win the title, but he won everyone's heart. In fact, he's played in the state public links and state amateur tournaments for years, but has never won either.

But you may now quit worrying about him.

He has \$1,000 and the Ohio

Drive Plans Mapped

Deduction Plan Outlined At 'United Fund' Meeting

Plans for the payroll deduction program of the United Fund drive in the East Liverpool area were outlined at a meeting of fund officials and top representatives of district industry and business Wednesday night.

About 75 attended the informal cocktail session at the Vagabond Lodge near Crocker City Farms.

Frank C. Dawson and Donald U. Honicky, drive co-chairmen last year, spoke on the payroll deduction system and the percentage quota for those participating in the campaign.

Voluntary deduction of contributions from the pay of the contributor has proved more acceptable to those taking part, for it reduces the contribution to smaller periodic amounts and combines support for vital service agencies of the community into a simple, accountable method, officials said.

The 1965 drive will raise funds

for 12 agencies this year, with a goal set at \$110,000. Over \$95,000 was raised last year for 10 agencies.

Earl Rankin of the community relations department of Crucible Steel Co. said Crucible's participation will be as much as last year.

James Locke, drive chairman this year, spoke about plans for the campaign, and requested support of the overall organization effort.

A question-and-answer period followed, with further explanations of the payroll deduction and pledge programs.

The Cerebral Palsy chapter and Child Counseling Center have joined the United Fund, which in past years has served the YMCA, Boy Scouts, Camp Fire Girls, Red Cross, Girl Scouts, Recreation Council, Salvation Army, USO and Child Clinic of the Business and Professional Women's Club.

The drive is scheduled Oct. 5-Nov. 5.

300 Attend Teen-Age Style Show Held By Band Mothers

Approximately 300 attended the fall teen-age fashion parade sponsored by the ELHS Band and Orchestra Mothers Wednesday evening at the Memorial Auditorium.

An atmosphere of a gay "Parisian" outdoor cafe prevailed with the audience seated at individual tables placed in horseshoe fashion around the auditorium. Each table featured a white cloth centered with a small vase arrangement of seasonal flowers.

The models were escorted down the center aisle, which was flanked on each side with potted plants, ferns and palms, to the center of the auditorium, where they displayed the "latest" in teen-age fashion.

Robins & Sant presented the "new look" for the young men on the campus this fall, which included jackets, coats, sweaters and sport jackets.

The Chambers Co., presenting fashions for the teen-age girl, displaying ensembles for every occasion ranging from casual sportswear to the popular sheath for a dinner date. Featured were bulky knits, slacks, skirts and shifts in brilliant

shades of green, gold, red and blue.

The Jo Anne Maria Styling Center personalized hair styles for each model, featuring the new "flirtation look." Hair fashions ranged from the demure casual to the most glamorous formal style inspired by the Broadway hit, "Dolly." Mrs. Frank C. Dawson was commentator.

Escorts were Dave Kidder, Dave Emmerling, Rick Fisher, Jack Babb, Dick Galloway, Amos Hamilton, Roger Cooper, Dane Martin, Gary Barringer and James McPherson.

Entertainment featured vocal numbers by Tommy Miller accompanied by Robert Hall, who also furnished background music, the Larry Myers dancers and the Potters Dance Band.

Refreshments were served by Shirley Fry, Nancy Lessele, Peggy Brown, Ann McDowell, Linda Tice, Jane Goodballet, Darlene Walker, Cindy Kidder, Martha Williams, Ruth Leigh, Nancy Chambers, Penny Rogers and Marilyn Greene.

Ushers included Keith Baumgarner, Bill Monroe, Earl Moffett, Gary Martin, Bill Fletcher, Bruce Goempel, Ted Owens and Bob Woomer.

Health League Details Plans For Reducing TB Hospitals

LISBON — The Columbiana County Public Health League said today a proposal to reduce existing tuberculosis hospitals in the state from 21 to 12 will be a major legislative goal of Christmas Seal groups in the state for the 1965 General Assembly.

The plan would also make charges at the remaining hospitals more equal.

The plan, backed by the Ohio Tuberculosis and Health Association and the Ohio Public Health Association, asks:

The Ohio Department of Health to designate certain hospitals as regional hospitals needed to care for all Ohio TB patients.

These hospitals to receive a state subsidy of \$5 per patient-day, double the present subsidy. Undesignated hospitals would not get a subsidy, but could continue to operate if they met state standards.

Equalization of charges for care at two state hospitals at \$13 per patient-day.

Concern over the vote of the

hospitals, many of them two-thirds empty, has been expressed by the Christmas Seal groups since 1958. According to Atty. Donald Elliott, president of the Ohio Tuberculosis and Health Association, "we have about 1,000 more hospital beds than are now in use, and counties are wasting manpower and money to maintain institutions no longer needed. This endangers all hospitals."

"As TB declines," Atty. Elliott said, "its eradication requires increasing concentration of talents and tools. Failure to do so scatters the effectiveness of TB control."

The proposal would require additional state funds of about \$1,060,000 and if nine hospitals closed and the state subsidy were doubled, there would be a saving of local taxes amounting to \$1,653,611. Ohio taxpayers would have a net reduction of costs amounting to over \$387,000. The TB association's estimates are based on patient-days for which subsidy was paid in 1963 as reported by the state auditor's office, Elliott said.

Fifteen attended the meeting at which Fr. Wallace Kossin led devotions, and Mrs. Michael Maher, president, presided. Lunch was served by Mrs. Eva Maher, Mrs. Ida Holmes and Mrs. Carmela Cozzoli. The group will meet Oct. 27 to elect officers.

Mrs. Dorothy Dillsworth and daughter, Ann, of Columbus visited this week with her mother, Mrs. Effie Potts, and Mrs. Linnie Lange.

Mrs. Dessie Stevens of E. Main St. visited at East Liverpool Wednesday.

Mrs. Irene Dunlap of Monroe Heights has returned from California where she visited her son-in-law and daughter, Mr. and Mrs. Francis McGannon, who became the parents of a son, Kevin, Aug. 14. Mrs. Eugene Gearin, who also visited in California, returned with Mrs. Dunlap.

2 Missing Boys Found In Thicket By Search Group

Two young brothers were found walking together in a pine thicket in the Campground Rd. area shortly after they were reported missing this morning.

Brian Owens, 11-months, and Timmy Owens, 2, sons of Mr. and Mrs. Robert Owens of Owens Rd., off the Campground Rd., were reported missing at 10:30 a.m. and discovered by one of the searchers about 11:05.

Firemen said they had been gone about an hour before the family notified the department.

There are several lakes in the vicinity and there were fears for their safety.

They were discovered about a half mile away from their home, walking along "very unconcerned" in a grove of pines, firemen said. They were accompanied by two dogs. The children did not even realize they were "lost."

Seven men from the Liverpool Township West department at LaCroft and seven from Glenmoor answered the call.

Freeway Weeds Cut With Leased Machine

A leased machine which the city obtained Monday has been utilized to cut large tracts of weeds and grass along the Freeway in the area of the W. 8th St. overpass and interchange.

Safety - Service Director Robert E. Vodrey said today.

A tractor with a seven-foot cutter bar, the machine so far has mowed in seven hours' work an area that would have required 10 days with use of a conventional power mower, the director said.

A large quantity of rocks, bottles, cans and paper was picked up in the area before the mower went to work. It is continuing weed-cutting along the berm in the California Hollow area toward the north city limits. The machine was leased for six months at \$110 monthly.

Dale Neppel, center from East Grand Forks, Minn., and Bill Wernecke, quarterback from Virginia, Minn., are North Dakota's football co-captains this season.

Junior Editors Quiz on
FOG

QUESTION: What is fog? What causes it?

ANSWER: To understand what fog is, think of a cloud resting close to and touching the ground. Walk through it and you'd be walking through fog. If you could easily see through it, however, it would be called "mist." In the picture, Jerry's father is about to explain the cause of fog. The moist warm air coming out of the kettle, he will go on to say, is striking the cooler air of the kitchen; this causes the water vapor in the warm air to condense or become visible as steam or fog.

In the same way, fog is often formed when warm moist air (lower left) blows from the land over a colder ocean or over snow or ice. This is "advection fog." On clear nights, fog may be formed another way, as heat from the ground "radiates" or escapes into the cooler, upper air (lower right.) Still another way fog may form is when, in clear weather at night, light winds blow cool air along the surface, mixing it with the warm air and causing the water vapor to condense into fog.

FOR YOU TO DO: Look through the steam coming out of the spout of a boiling kettle and you will get the same effect as though you were looking through fog.

John Hershberger of Dover, Del., wins today's combined prize of Compton's Illustrated Science Dictionary plus \$10 cash for this question. Mail yours on a postcard to Junior Editors in care of The Review and you may win the weekly grand prize of Compton's Pictured Encyclopedia.

MOSCOW (AP) — American opera star Leontyne Price says "the warmth of the audience was incredible" at her first performance in the Soviet Union.

The audience called the Mississippi-born Negro soprano, conductor Herbert Van Karajan and other soloists back for 16 curtain calls Wednesday night after a performance of Verdi's "Requiem."

FORT WORTH, Tex. (AP) — Sen. Barry Goldwater's gift to his wife on their 30th wedding anniversary is a gold charm that recalls his winning the Republican presidential nomination and is inscribed: "To the

woman who made this possible." On the opposite side of the charm, about the size of a silver dollar, is the inscription "We want Barry, 1964 nomination." The charm is studded with di-

amonds, a ruby, a sapphire and an emerald. Mrs. Goldwater gave her husband a bronze ash tray sculpted by Western artist Charles Russell.

NEW YORK (AP) — Mrs. Lyndon B. Johnson made a quick and quiet trip to New York City Wednesday to shop for winter suits. It was learned that she looked at clothes brought to her suite in

the Carlyle Hotel and bought some suits before taking a shuttle flight back to Washington. San Jose State plays seven of its nine football games at night this season.
